P.S. With rotten luck
you'll have me again
next year? Ha Ha

Mr. Katrein
It was nice
knowing your
name & your summer
Tanya Langley

Mr. Katrein,

It was really
fun this year.

P.S. I didn't mean
most of the comments

I threw at you.

It was nice to
have you as
a reading teacher.

Donna Yangst.

P.S Thanks for helping
this year.

It's been
great knowing
you and having
you as one of my
ex-teachers. Have
a great summer
and take care.

Yours truly,
Walter Losenberry.

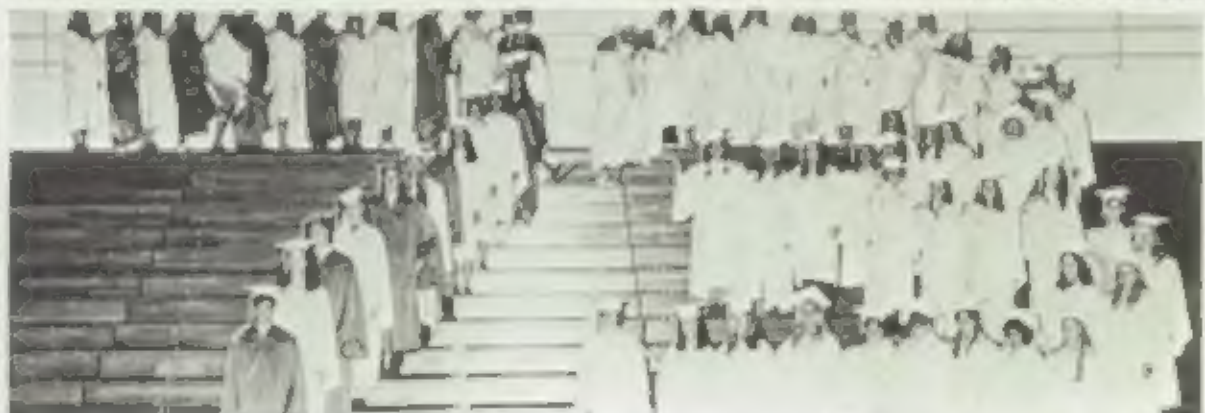

To Mr. Katkin,
a GREAT Reading lab
teacher, so good that I
will probably come back
next year.
Scott Whitman

Contrary to popular opinion,
(young) I am not graduating, so
I will be back... (duh duh)
If you will continue not kicking
me out when I'm useless, I'll
continue being useful (occasionally)
OK???

District Administration

The Board of Education, District # 99, under the direction of Dean Spencer, is comprised of eight members. It is responsible for determining the policies of the Downers Grove high schools, thus playing a major role in maintaining high standards of education.

The Trojan Boosters Club consists of parents of D.G. students. It lends its active support to the DGHS-N sports programs throughout the year.

Dr. Glenn E. Pickrel, school superintendent for District # 99 and # 58 for the past seventeen years, is in charge of the school administration. He also acts as the chief executive chosen to carry out the policies made by the Board of Education.

School Board Wayne K. Anderson, Harold W. Johanson, Florence Herrick, Secretary, Dean Spencer, President, Elizabeth Guomen, Leon Welch, John Lauder, William Conrad Jr.

School Administration

The school administration makes sure that all students meet the basic college preparatory requirements, offers opportunities to explore educational, vocational and avocational areas, and provides an environment in which each student can make optimum progress according to his own ability. The rest is up to the student.

---Mr. Adams---

There is a tremendous opportunity for administration to exercise imagination and experimentation leading to new knowledge and improved techniques.

Counselors

Guidance services are aimed at every student in the pursuit of an education leading to a happy and successful life. Counselors work with students with the hope of assisting each individual to understand himself and his opportunities, to make appropriate adjustments and decisions in light of this understanding, to accept the responsibility for this choice, and to follow a course of action in harmony with this choice.

Business

A sign of the rapidly changing times is the demand being made in educational circles especially by students, for "relevant content," "realistic experiences," and "individualized learning." The potential for business education to meet these demands is greater than it is in many other fields. Where else is there greater opportunity to provide more relevant content than in the business education subjects? Here students are provided with the opportunity to learn about their relationship to business and the economic system.

Physical Education

Physical Education should relate to one's life in many ways. First, one gets a knowledge of the sport; (2) he gets an appreciation of what it takes to succeed and perform well; (3) as a result of the first two, he becomes an entertained spectator; (4) he should be able to comfortably occupy leisure time, (5) he should improve social contacts; and (6) P.E. should make one more aware of the human body and what it takes to function at maximum efficiency.

Varsity Football

Football 1972 was a unique year. The players on this team were very close because there were so few. Almost everyone had counted us out before the season even started, but we came within inches of winning the conference.

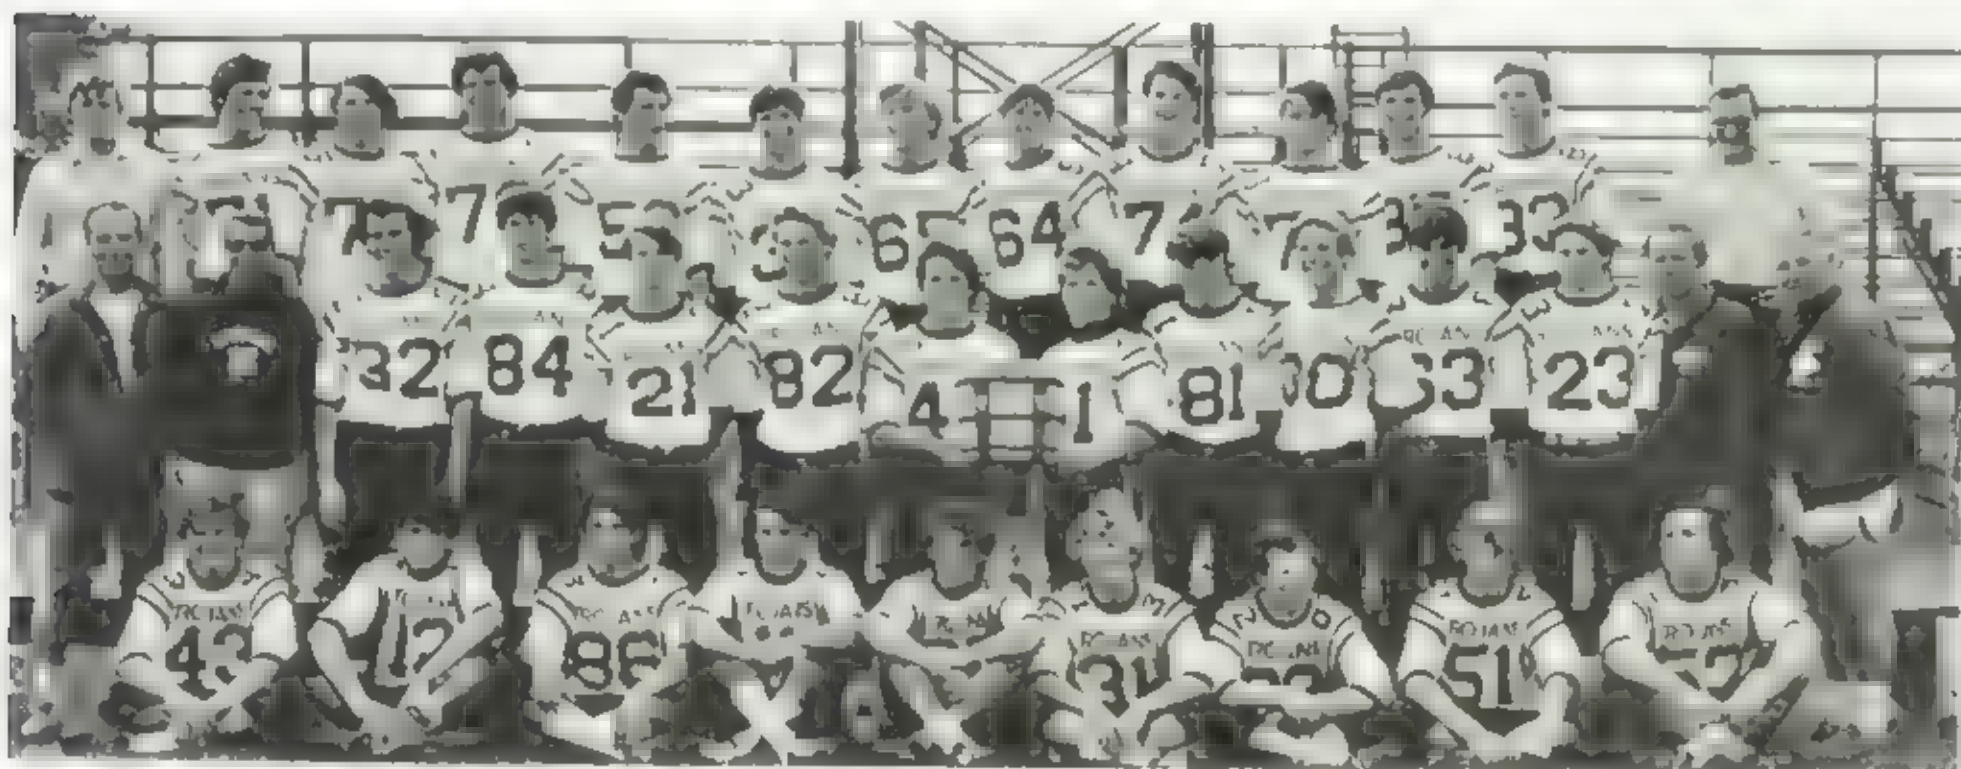

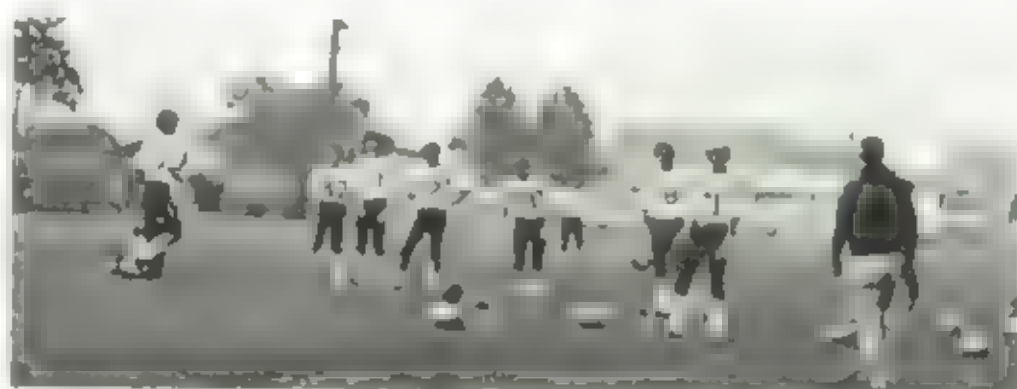

---Vince DePinto---

This year's season was highlighted by a group of dedicated seniors who believed that they could be winners--and they were winners. Not too many people thought that the Trojans would have a winning season; however, not only did they have a successful season, the Trojans upset the then number one team in the state--Glenbard West. Although beating Glenbard was a tremendous victory, the boys also came through by beating Hinsdale for the second year in a row and retained the Old Oaken Bucket. Although this year's senior Trojans will certainly be missed, we hope that they helped establish a winning tradition and pass down that sense of pride, desire, and hard work to next years team.

Football makes young men out of boys!
---Coach Moravec---

The Glenbard game was the biggest game for us. It seemed like the tougher the competition, the better our boys played. The 1972-1973 Sophomore team earned the conference championship. It was my pleasure to coach them.

Freshman Football

Tenacity, mental toughness and togetherness made this team a good one. They will be champions in the years to come--Downers Grove North can be proud of them, and these players should have pride in themselves as well.

-Coach Wasmer

From the beginning we knew we were a good team. All of us played together when we had to.

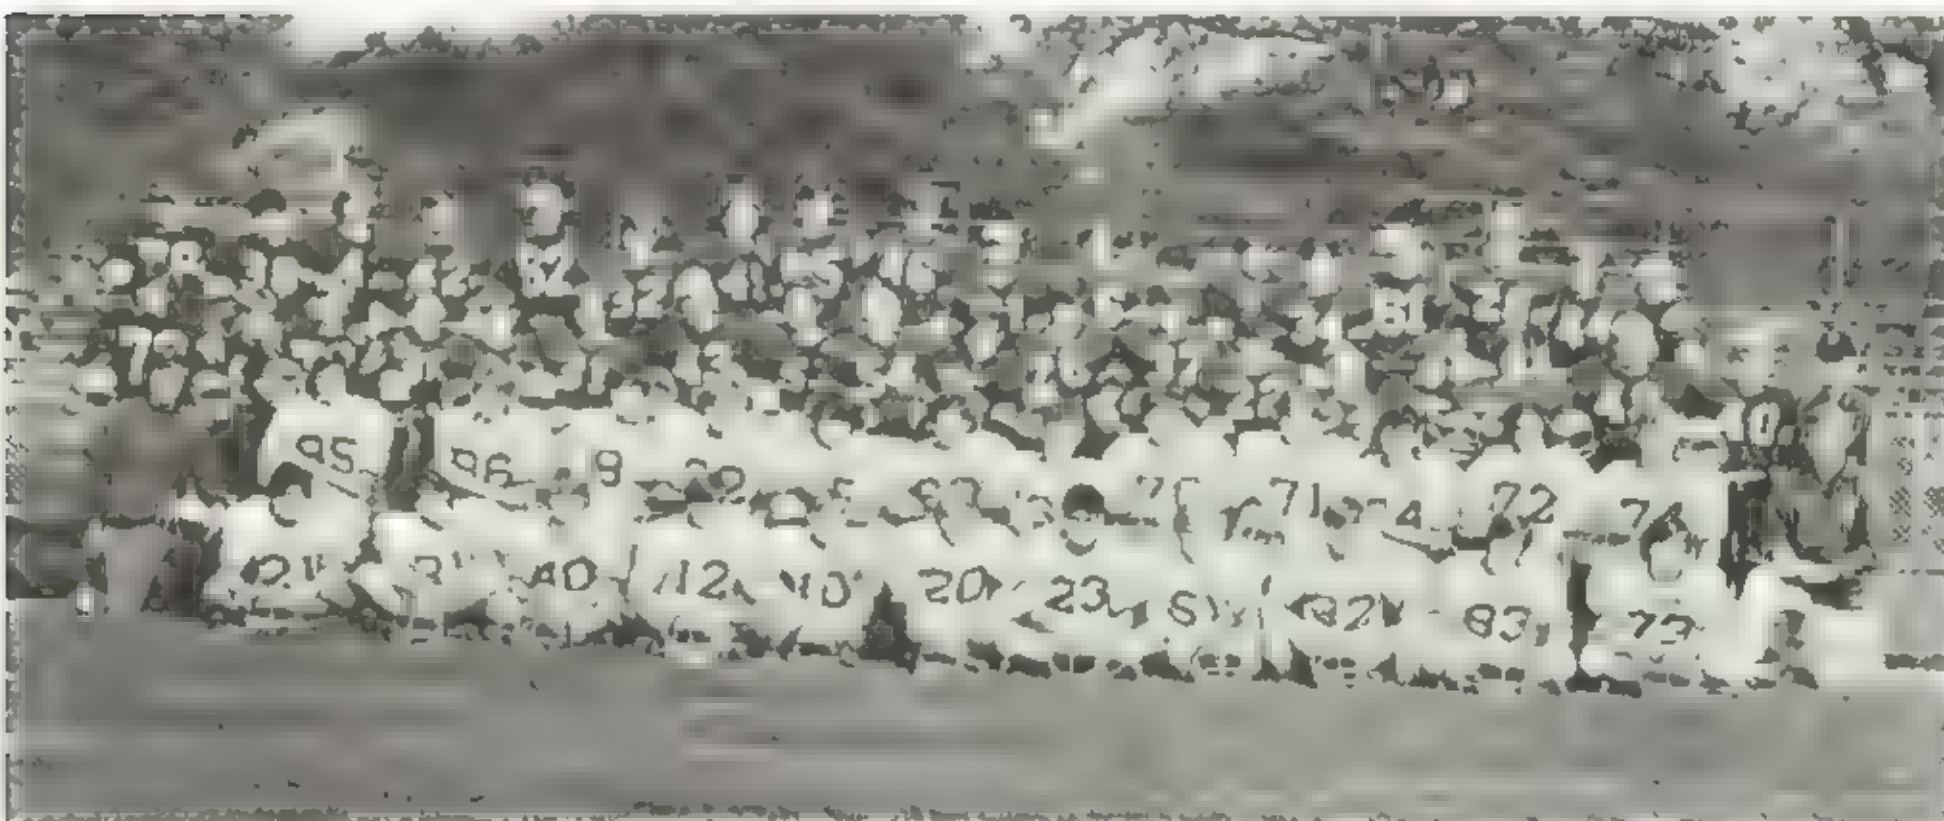

We won and lost as a team.

I think our best effort was in the Hinsdale game. It was important because we knew they were good. We played like we were trying to win the bucket. . .and if we were the varsity, we would have.

Varsity Basketball

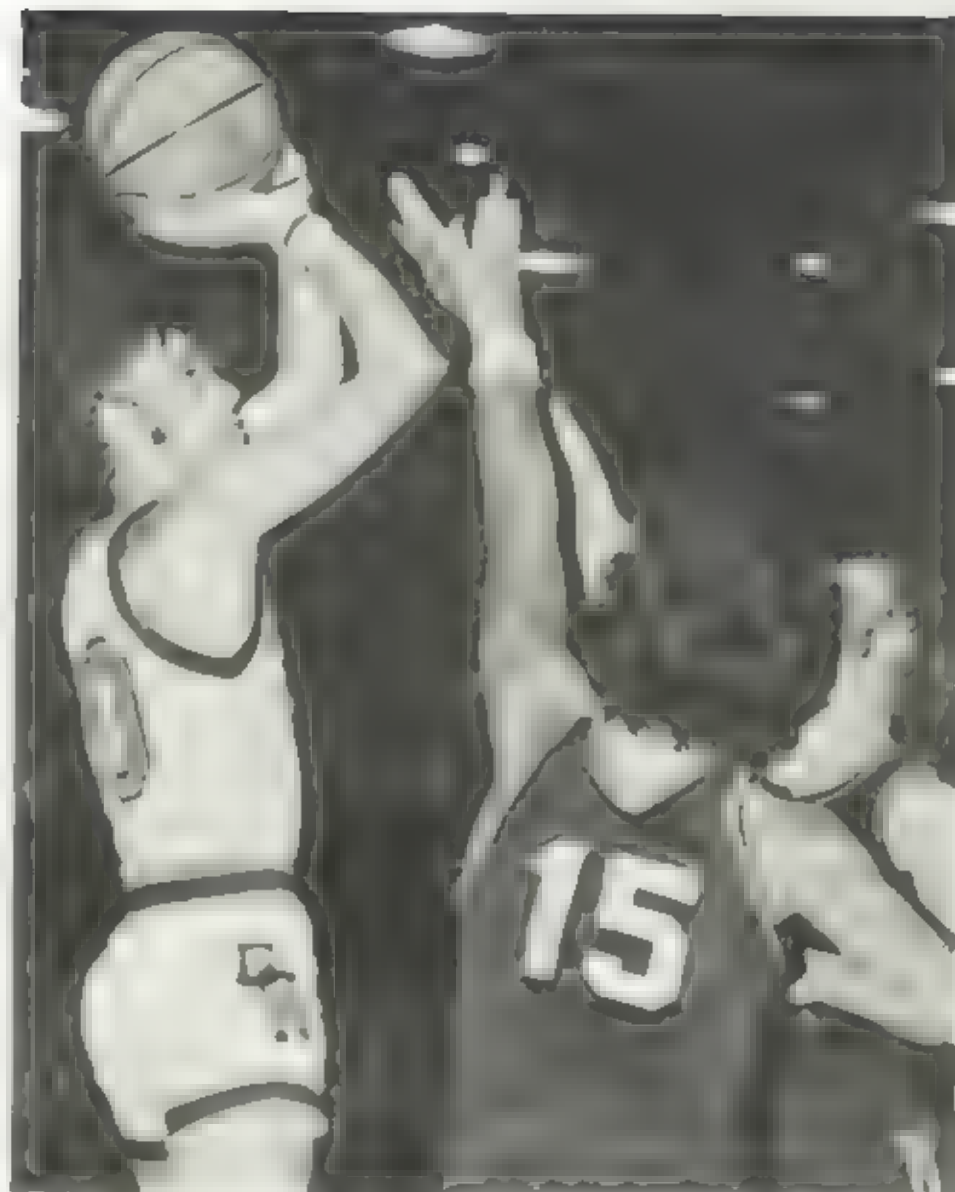

Basketball gives the player an opportunity to prove himself as an individual and as part of a group involving a high degree of teamwork. As an individual he has the chance to challenge an opponent and himself to the best of his ability, in order to make himself the best player he can be. It is a sport that demands great teamwork in which the players learn the thrill of competition, the excitement of victory, and the ability to accept defeat.

Trojan Wrestling

Wrestling is a tough physical sport that teaches the individual self-discipline. While it is basically an individual sport, we stress that the team is the backbone of the program.
--Coach Ritter

It takes many hours of hard work to become a good wrestler. You have to know the moves and play them wisely. We are looking forward to an even better team next year.
--Lucien Senese

The varsity wrestling team had an excellent season this year, finishing second in the West Suburban Conference with a 5-1 record. The team showed great effort and good balance. Ten wrestlers had a winning record and five wrestlers made the All-Conference team. They were: Lance Pliml at 98 pounds, Dave Becker at 105, John Woodward at 155, 167 pound Jim Bartasis, and Terry McCarthy wrestling Heavy-Weight.

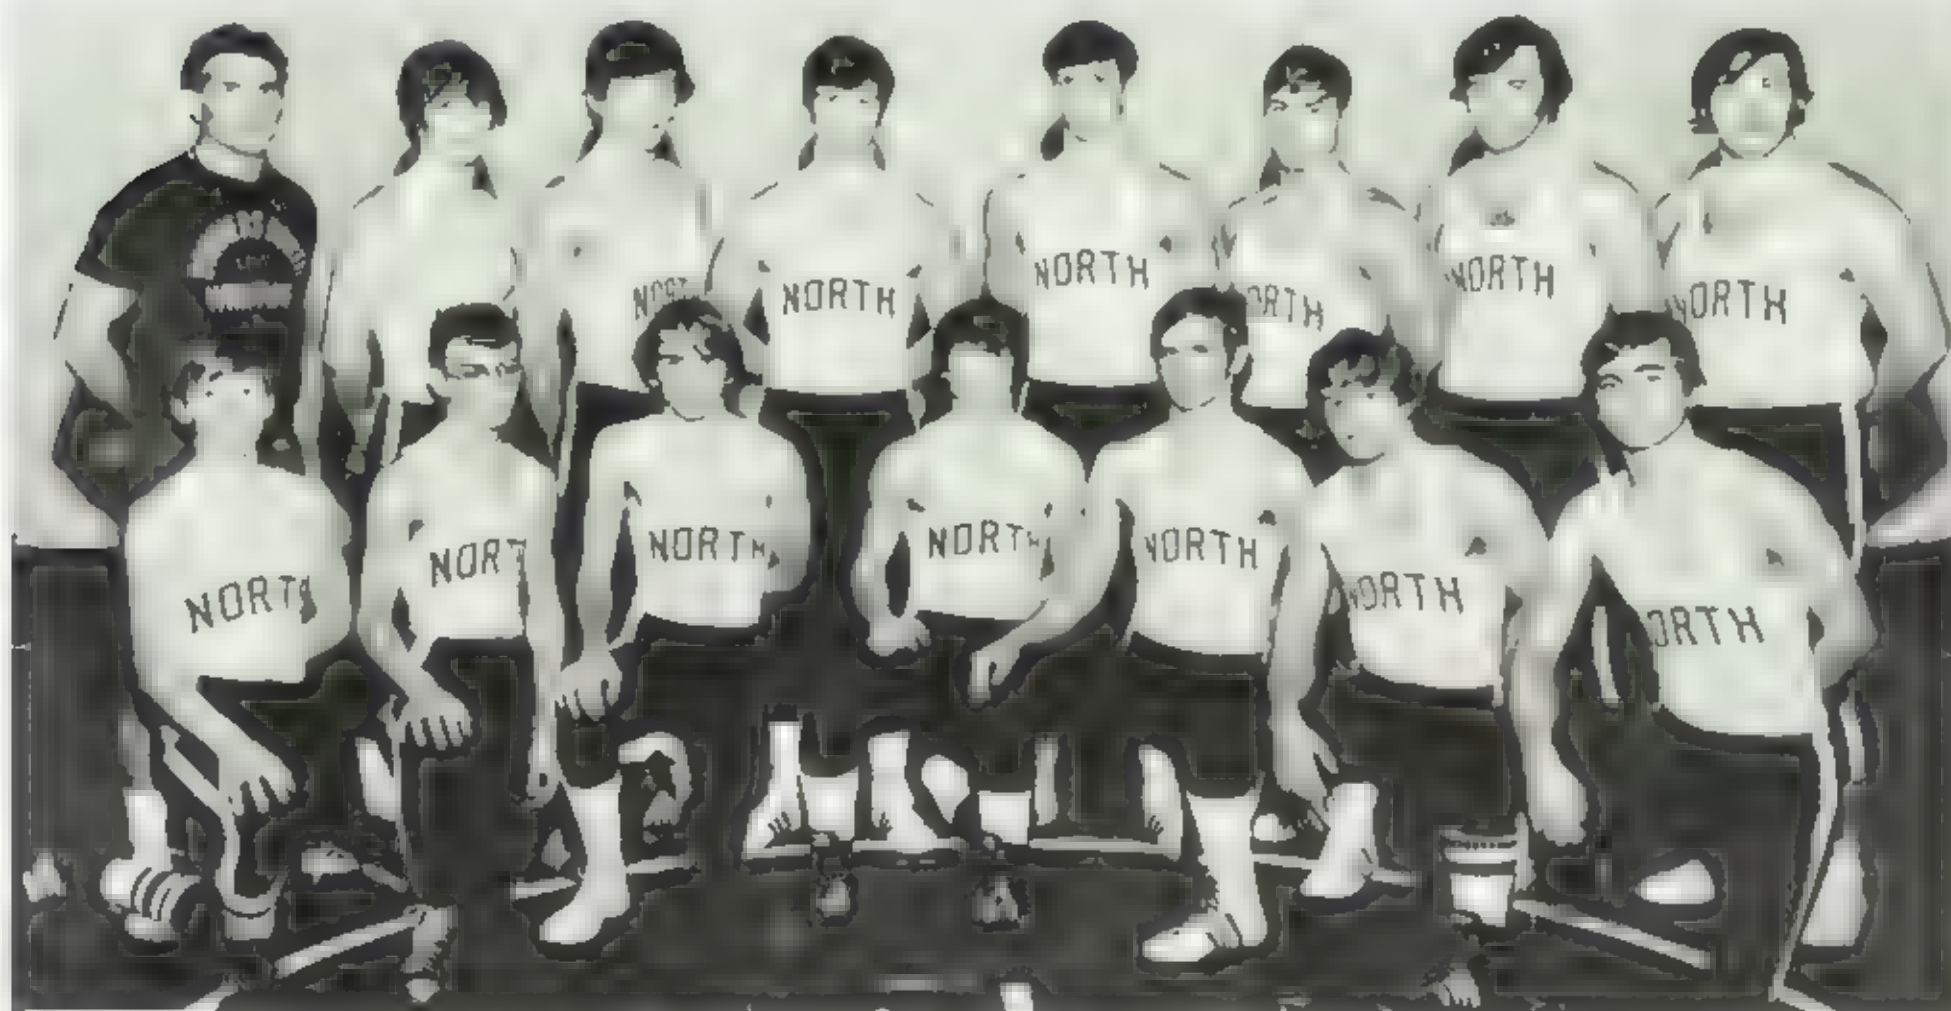

The JV team tied for the Conference Championship!!

Gymnastics

Gymnastics requires a vast amount of dedication, self discipline, courage, and concentration in order for the individual to excel. His high points come from learning new stunts and being able to blend them into a continuous, flowing, artistic routine.

Each team has shown growth over the years. To date the gymnastics team has been able to leave something of them to each of the later teams. As each team progresses, the next team will benefit from them.

When the gymnast goes out to compete in his event, he knows there is no one else to rely on. Mistakes he makes are his own. There is no one there to cover up for him. This is what makes the gymnast a very self-reliant person.

Swimming

The biggest change in Downers Grove swimming is the passing of the pool referendum. We now can look forward to being a contender in the West Suburban Conference. The team seems to grow in strength and number every year. Each season we find more and more freshmen out for the team. Many of them have a lot of talent, which, if used properly, will help make the team stronger.

Pete Ineich

Every year we are stronger and more successful than before. Last year's sophomores were quite successful and should provide the extra boost that the varsity team needs.

Track

The greatest difference in track was the adaption of individualized workouts. This change places the responsibility of how much a person wants to excel in his own hands. However, in the specialized events, it takes careful observation and participation in coaching the development of an athlete.

Last year and this year were tremendous for me. We have a lot of talent on our team, and I feel we can be pretty tough

Baseball

Last year's varsity baseball team finished up as West Suburban Conference champs, so it was hard repeating our performance, since we were hit especially hard by graduation. However, I believe we were always in strong contention, mostly because of all-conference selection Fran Paradise and pitchers Jim Reinert and Scott Strauch's productive season.

Coach Ritter

Lenny Poffo warms up in the batting cage.

The season was especially short this year, since a lot of our games were rained out at the beginning. It would be better if the season was extended part way into the summer.

Golf

This year's Golf team had four returning lettermen, Rick Misek, Glenn Grabic, Rick Reinmuth and Mike Sell. The last few year's LaGrange, Hinsdale, and Glenbard West have dominated the conference golf. This year however, Downers finally broke through to give them some real competition. One big advantage was that two thirds of our conference matches were on our home course.

Girls' Sports

This year for the first time, girls' sports were offered in seven different areas on the interscholastic level. Aside from the state legalizing competition on a larger scale, Downers Grove North got involved for its own reasons. By offering interscholastic sports we are giving girls a chance to reach their potential. It's a chance for girls to experience competition on a higher level than in physical education class or intramurals. We have offered a variety of individual and team sports. Our program included tennis, volleyball, bowling, basketball, badminton, gymnastics, softball, and track.

Finishing first place in the conference, the Volleyball A Team ended with a record of ten wins, two losses. The B Team finished with two wins and ten losses.

The Basketball A Team's final standing was one win and three losses. The B Team finished with a two win, two loss record.

This year's Badminton team competed with other schools for the first time. They won no conference matches; all the other teams had been in competition before.

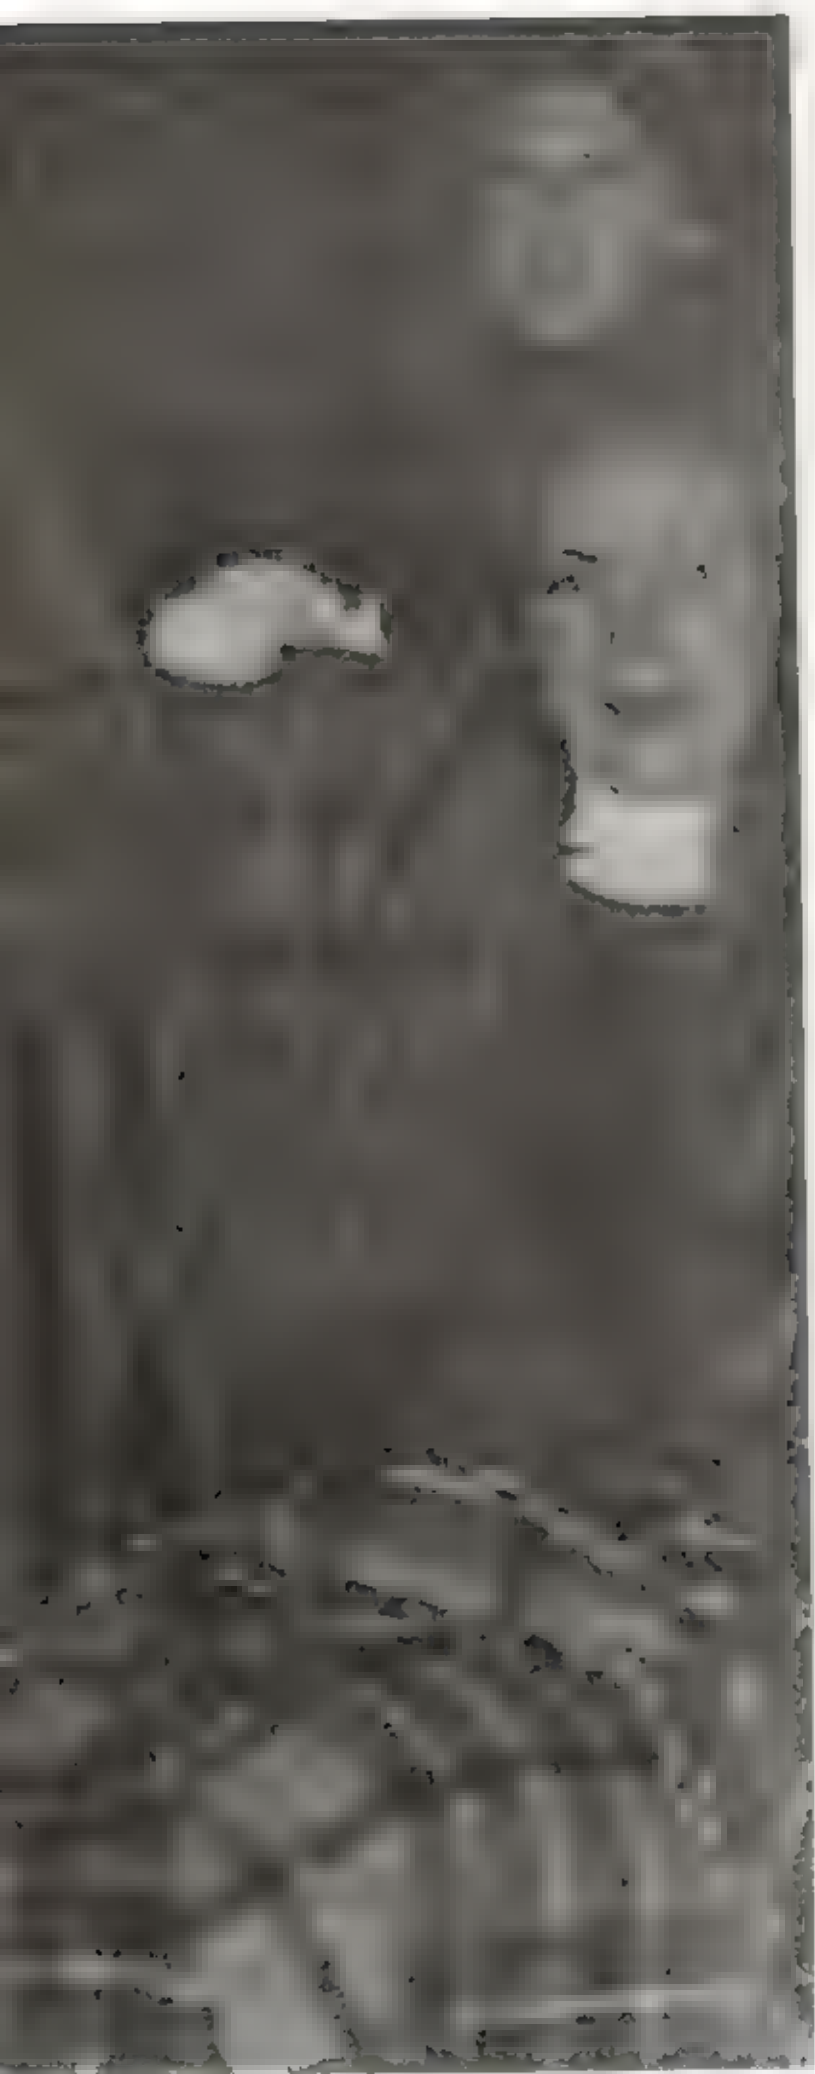

The Tennis team had a tough season finishing with a conference record of one win, five losses.

The Bowling team took first place in the conference handicap division. Vicki Lewanski won first place in the individual high series (handicap), the individual high single game (handicap), and the individual high single game (scratch).

Now with a year of competition behind them the girl's teams look forward to other successful years.

SOPHOMORES

We're Number One! With an undefeated football team, next year's varsity conference title is in the bag.

When you're a freshman, the upperclassmen pick on you a lot. Now that we're sophomores, we have someone to kick around.

The class boards have done quite a bit to bring the class together.

The "kiddie cars" aren't all they're cracked up to be.

Freshman year was a blast. Now that the novelty of being in a new school has worn off, we realize the amount of work really involved.

Even though being a sophomore does have its advantages, the upperclassmen have more.

JUNIORS

We have the most fun of all the classes.

We're unloved by the rest of the classes in the school. The underclassmen are scared of us and the seniors don't like

us.

Each year the teachers and the courses seem to be getting harder.

With only one more year until graduation, it's difficult to concentrate on the matters at hand

All we wanted was a second place Homecoming float. That's all.

The Junior Class seems to be having a difficult time getting organized this year. Perhaps next year will be better

Seniors

we are always
looking to the
future; the
present does not
satisfy us.—
our ideal what-
ever it may be
lies further on.

Senior Class Board Front Row: Gale Gee, Pete Jneich, Karen Mann, Lisa Pokorski, Angie Pappas, Chip Hetzel. Back Row: Terry Ufig, Alson Drummond, Norm Kenney. Not Pictured: Deb Schiavo.

Looking back on the last three years, I think senior year is the best. By this time you have a sense of maturity and feel more secure in the school.

Senior year is what you make of it. You can sit around and wait for something exciting to happen to you, or you can make what happens to you exciting. I've become a "sophisticated" senior and have focused on and waited for GRADUATION.

A lot of things happen when you're a senior. All of a sudden you realize you're growing up and you've got to start making decisions on your own. You realize this is probably the last time that you will spend a lot of time with your friends.

The Class of '73 will always be remembered. What other class could have two first prize Homecoming floats?

AND NOW, THE RESULTS OF THE MOST EXTENSIVE SURVEY EVER TAKEN OF NORTH HIGH SENIORS!

The next foldout in Cosmopolitan as indicated by the girls preferences is none other than our own Mr. Pappas!

The number one movie was The Godfather with Deliverance running a close second. However, some all time favorites were Gone With The Wind, Funny Girl, Billy Jack and Mary Poppins

According to the Seniors, the five worst songs of the year were, "The Candyman", "Funny Face", "Happiest Girl in the Whole U S A", "I Am Woman", and last but not least "School Song"

85% of the Seniors find National Lampoon amusing, 12% find it fewd and disgusting, and 3% don't know what National Lampoon is

95% think the pollution laws should be stricter

The survey also revealed that by a narrow margin, football is preferred over basketball

Another astonishing fact that was revealed is, more boys plan to go to prom than girls! There's still hope

79% think the abortion laws are morally right, while 21% are opposed to it

87% of the people revealed that they did not get the most socially out of their four years at DGHS-N

75% say the peace will not last, while 25% say it will

94% plan to get married, 43% are unsure of their plans to marry and 12% never plan to get married

And so it goes. .

Root helps you to remember. . .

ROOT photographers • 1131 W. Sheridan • Chicago

if we could
but read it,
every human
being carries
his life in
his face . . .

... on our
features the
fine chisels
of thought
and emotion
are eternally
at work.
Alexander Smith

nothing can bring a person back to life.

THE END

Mr. Katrine:
I really enjoyed being
in Reading Lab. I
want to thank you for
helping me. Have a nice
summer. Pam Berg

To Mr. Katrine -
a great teacher &
person! Thanks for
everything you taught
me in Reading Lab.
Love Bonnie
